Mary:

We do not have all of our final costs yet. We did not leave the Site until June 2015 so it will be a few months before all the costs are in our system. Once all of the costs are in, we will be contacting the PRPs for a meeting. Please send a letter or email if your clients would like participate in that meeting. Please include contact information for each client as well. Please let me know if you have any further questions.

Sincerely,  
Amy

**Subject:** CES Superfund Site question

Amy –

I have a couple of client who have received the general notice letter and they had asked if EPA can share what its response costs are that it is seeking. I was hoping that you could provide that information.

Regards,

Mary
